

Photo Rally

Photo Rally is a fun and active team building event that is ideal for larger groups and conferences.

Photo Rally includes a mad dash in and around your conference venue, while teams get the chance to take loads of hilarious photos and try out bucket-loads of silly props and costumes!

Yet despite all the hilarity, this is an intelligent team event that will tap into creative juices whilst encouraging interaction and teamwork.

Culture vultures say that every great story can be condensed down to a single phrase or tagline. For instance, the tagline of that famous western *The Magnificent Seven* is, *'They were seven. And they fought like seven hundred!'*

During *Photo Rally* your teams create their own story based on a classic tagline. Each team chooses a theme and a collection of mad props and costumes. Add this to dashing here-there-and-everywhere looking for the right photo locations and you have the makings of a memorable team building event!

This is a great event to get your participants out and about, seeing something of their surroundings and re-energising. We arm each team with a digital camera and then let them show just how creative they can be

With a set of hilarious photographs in the bag, team race to create giant storyboards, adding captions and illustrations to complete their very own story.

As the perfect finish, we have our mini-Oscar ceremony in which we recognise and reward the creative, the inspired, the brilliant and the plain daft!
