

## Wine Tasting

This is a fun team-based event that provides a great lead-in to a celebratory evening meal; an ideal ending to a team meeting, away day or conference.

The wine tasting starts with a light-hearted introduction to the art of wine tasting...in other words spit or swallow! We quickly move onto the wine tasting itself with participants working in small teams - 3, 4 or 5 per team is ideal – trying each wine in turn.

The format of the wine-tasting is that of a typical "pub-quiz" with each group having a limited time to taste and decide upon their answers for each wine. There are typically four rounds - reds, quickfire wine quiz, whites, and match the price with the wine. We select good quality wines representing major grape varieties and wine producing regions from around the world. All wines tasted are readily available from good wine merchants so if you have a particular favourite you'll be able to get hold a case or two! We maintain a quick pace - the laughter and noise builds as the tasting progresses!

At the end of the wine tasting, we quickly score up and award prizes to the top-scoring teams - this could involve participants selecting a favourite wine from all those tasted or selecting a wine prize such as designer corkscrew.

The wine tasting typically lasts about an hour and a half. All wines are provided and, perhaps uniquely to our wine-tasting event, we allow all guests to choose how much (or how little) they want of each wine. No stingy pre-poured measures here! You can even have a bit more of a wine that particularly takes your fancy.

The wine tasting event is ideal as a stand alone team event or to follow one of our other team building activities.
